

BRUSHINBELLA
LLC

BrushinBella Baby Food Maker

All-in-One Design – Steam, blend, reheat, and defrost—without switching appliances.

IT CLEANS ITSELF!

Our self cleaning cycle is the PERFECT TIME SAVER for busy moms! Just add some clean water and the machine does the rest!

BrushinBella

WIDE OPENING WATER TANK

Unlike our competitors who's water tanks often harbour mold, ours has a wide opening making it very easy to clean

The image shows a hand reaching into the wide opening of the water tank to clean it. The control panel at the bottom of the tank shows buttons for 'Sterilize' and 'Auto Blend'.

BrushinBella

One-Hand Operation – Because, let's be real, you're probably holding a baby with the other hand.

Compact & Counter-Friendly – Small in size, big on performance.

How to Use

BrushinBella 

Using our Baby Food Maker is simple and easy

Add your choice of fruits/veggies!

Fill up the water tank!

One button to steam & blend

Enjoy feeding time with your baby!

THANK YOU
